Lesson 16

(5 min)
Logistics:
- Project 2 comes out soon
    - This one will have two components, one on your own, and one with a partner
- Final project (will be Project 3)
    - Amazon Kids' challenge — thoughts?
    - Would you like to design and develop skills for children?
    - Thinking small groups of 2-3 — how do you feel about working together?

(5 min)
Task Introduction — SSML
- We are continuing our exploration of SSML (picking up where we left off last class)
- Have to complete Task 1 AND 2 of the remaining tasks (total of 3)

(45 min)
Pair Programming Assignment — WiseGuy Part II

(5 min)
Wrap Up
- Discussion
    - How did it go?
    - What did you like / not like?
    - Any discoveries?
    - Demos?
- Next class
    - Mock Trial on Ethics of Alexa Devices
    - Will send you a case, and a role that you will play during the trial
    - Research your position and come prepared to speak to it
    - Look for more details on Assignments Page
